RESORT & SPA *****

MAURITIUS

A woman with long blonde hair, wearing a wide-brimmed straw hat and a white, backless, floral-patterned dress, stands on a balcony overlooking the ocean at sunset. The sun is low on the horizon, casting a golden glow over the scene. The water is a deep blue-green, and the sky is filled with soft, white clouds. In the distance, a large island is visible. The overall mood is serene and romantic.

"A VIEW WITH A ROOM"

Watching the sunrise over the vastness of the Indian Ocean, starting the day with breakfast in your infinity pool, getting a massage in front of a breathtaking panorama, savoring the creative cuisine of a renowned French chef—these are just some of the authentic experiences offered by the new Legend Hill Resort & Spa, perched on the Tourelle Mountain. Overlooking the ocean and Le Morne mountain, a UNESCO World Heritage site, this luxury establishment, seemingly suspended between land and sea, provides the most spectacular view of Mauritius.

Nestled in the west, in a wild, wind-sheltered spot, this exceptional Resort offers a unique experience, blending the luxurious comfort of suites and villas with a 180° view of the ocean's blue, five-star concierge services, a spa inspired by global traditions, and a culinary offering crafted by three-Michelin-starred chef Glenn Viel.

With Legend Hill Resort & Spa, the family-owned Phoenix Hotel Collection inaugurates its seventh establishment, marking its first step into Mauritius.

A FAMILY PASSION

Thierry & Eva Naidu

Thierry Naidu, of Mauritian origin, embodies a deep connection with Mauritius and its traditions. He is now an iconic figure in the hospitality industry: he first started as head chef of the Michelin-starred restaurant at a Relais & Châteaux in Avignon, became General Manager of Château de la Chèvre d'Or at the age of 25, and later served as President of the Stein Group in Barcelona before founding Phoenix Hotels Collection, a hotel management company. His intimate knowledge of local dynamics and his ability to navigate the island's economic landscape are valuable assets for the strategic development of Legend Hill Resort & Spa, marking a significant step in the group's expansion on his native land.

Like her father, Eva Naidu started young in the hospitality industry. She honed her skills at Château de la Chèvre d'Or, then followed in her father's footsteps through all the Phoenix Hotels properties. Today, at just 26 years old, Eva Naidu, General Manager of Legend Hill, brings a young and dynamic vision to the resort's operations. She injects innovative energy and a modern perspective into day-to-day management. Thanks to her international education and experience in the luxury sector, Eva Naidu has a keen understanding of travelers' expectations and knows how to incorporate them into the Legend Hill Resort & Spa experience. Her dynamic leadership and commitment to excellence in customer service play a key role in positioning the resort as a premier destination in Mauritius, while fostering a welcoming and inclusive atmosphere for visitors from around the world.

WHEN EXPERIENCE TRANSCENDS TIME

The magic of Legend Hill Resort & Spa begins as soon as you make your reservation. Mauritian hospitality is embodied by Sunny, the head of accommodations, and his team of dedicated concierges. Thoughtful and attentive, they identify each guest's needs in advance and anticipate their every desire—from booking an anti-jetlag massage right after stepping off the plane to selecting the perfect pillow and reserving a gourmet dinner at Restaurant 1812. No detail is overlooked, ensuring the unique experience starts the moment guests walk through the resort's doors.

The majestic ascent to the Resort

At the foot of La Tourelle Mountain, a shuttle transports guests to Legend Hill Resort & Spa. Lined with lush vegetation and offering breathtaking views of the Indian Ocean, the winding panoramic roads awaken the senses, promising the extraordinary experience that awaits at this peaceful haven nestled in the heart of Mauritian nature.

A burst of colors upon arrival

Upon entering Legend Hill Resort & Spa, one is immediately struck by its unique architecture and spectacular vistas. Designed by Pierre Yves Serret, founder of Architects Studio, this 20,000 m² architectural masterpiece, spread across several buildings of wood, stone, and steel, harmoniously clings to the slopes of La Tourelle Mountain, blending perfectly into the natural landscape. The lush greens of tropical gardens, the shimmering turquoise of private pools, and the deep blue of the Indian Ocean meld to create a stunning gradient of colors.

Conveniently connected by electric shuttles, the three-level buildings dedicated to suites and villas stand alongside the main living area, which houses the two restaurants, bar, spa, and the expansive infinity pool.

Chic and minimalist decor paying homage to the Deep Blue

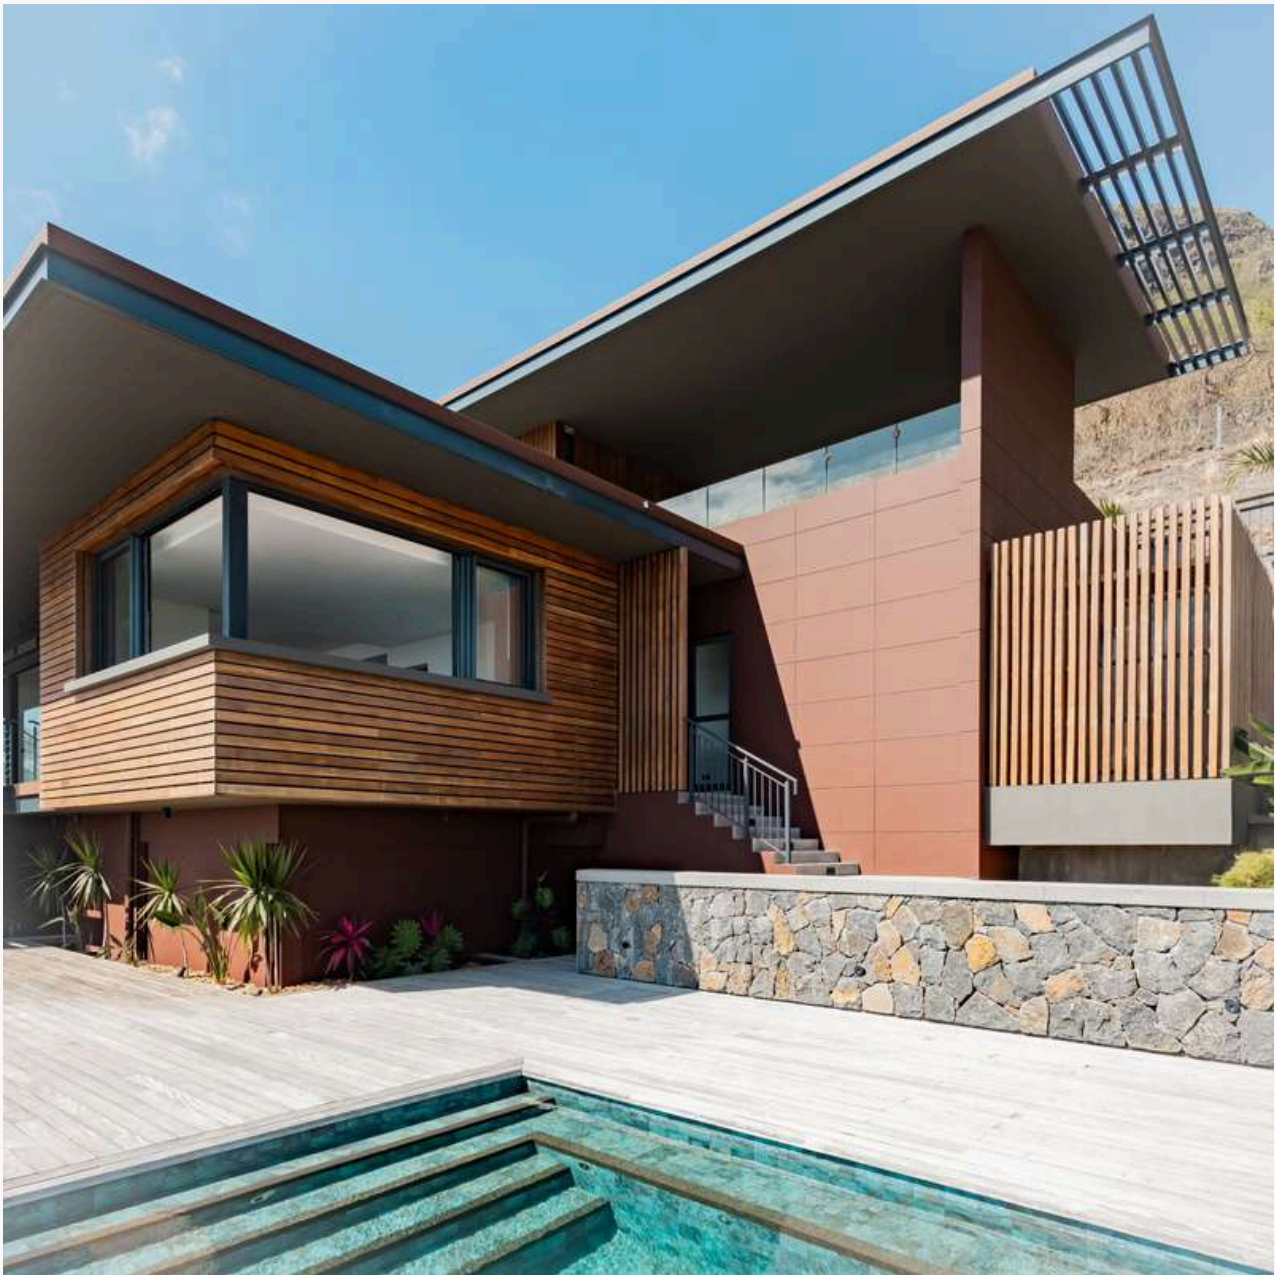

“With its buildings in harmony with the landscape, its view of the ocean in such a deep blue, Legend Hill Resort & Spa opens up to nature and seems to have always been here... The nobility mixed with the rusticity of wood and the warmth of natural ethnic fabrics evokes the sweetness of Mauritian living.” — Sophie and Jean-Michel Remazeilles

To decorate Legend Hill Resort & Spa, interior designers Sophie and Jean-Michel Remazeilles drew inspiration from the island lifestyle as well as the chic lodges of South Africa. With light hues, a predominance of wood, natural colors, and the softness of fabrics, the decor's understated elegance reflects the intersection of European, Asian, and African cultures, echoing Mauritius' central location. The minimalist staging highlights the spectacular views of the Indian Ocean.

The forty-four rooms, suites, apartments, penthouses, and villas (ranging from 45 to 634 m²) are designed as “balconies over the ocean.” These chic and minimalist retreats offer breathtaking views of the turquoise lagoon of Black River. With contemporary design, noble materials, and modern amenities, each residence features a private terrace or balcony, some with private pools. Without leaving the comfort of their room, guests can enjoy a massage, watch a chef prepare their meals, indulge in a floating breakfast in their private pool, or have their groceries delivered.

The enchanting woody scent that defines the Resort

Upon entering Legend Hill Resort & Spa, an enchanting woody fragrance envelops the senses, creating a calming and distinctive atmosphere. Specifically designed for this location, this exclusive scent blends woody and floral notes, inspired by the filao, the iconic tree found on the beaches of Mauritius.

WHEN THE EXPERIENCE BEGINS EVEN PRIOR TO YOUR ARRIVAL...

Taste under a lucky star

To establish its culinary identity, Legend Hill Resort & Spa has partnered with three-Michelin-starred chef Glenn Viel, who has been at the helm of L'Oustau de la Baumanière in Les Baux-de-Provence since 2015. For the first time, the French chef and judge on Top Chef brings his excellence beyond French borders, setting up his kitchens in the heart of the Indian Ocean. Joel Trejo and Julie Le Gall, former members of Chef Glenn Viel's team, have settled on the island to bring the excellence and refinement of Chef Viel's cuisine to Legend Hill Resort & Spa. Collaboratively, they have crafted a culinary journey that celebrates the meeting of local products and French technicality, a signature reflected in the gourmet restaurant 1812, the bistronomic B.View, and the Santosha bar.

The gourmet dining experience at Legend Hill Resort & Spa offers an innovative interpretation of Mauritian flavors. Inspired by the founding date of the Champ de Mars racetrack (a historic monument where the independence of Mauritius was declared), it reimagines tamarind, curries, captain fish, and Victoria pineapples, showcasing the talent and expertise of Glenn Viel. To present its culinary offerings, the atmosphere is designed to be intimate, featuring hardwood flooring, concrete walls, and tables with solid wooden bases, all oriented towards large bay windows that provide stunning views of the Indian Ocean.

The bistronomic offering draws inspiration from the luxury beach club spirit, featuring a gourmet and creative menu, such as linguine with Mauritian langoustines. Located near the infinity pool, the bistro boasts a sophisticated and warm decor under a deep green ceiling, where raffia light fixtures float gracefully, ceramic pieces are displayed in the library, and black ceiling fans overlook the dining area. Mauritian artist Daphnée Doomun has designed two large poetic mosaic murals for the space, featuring iconic dodos, local plants, and butterflies. These artworks are also subtly incorporated throughout the resort, from the staff uniforms to the design of the welcome products.

In front of the infinity pool, this lounge bar is perfect for enjoying an iced tea during the day or a cocktail as night falls. Wood paneling, moldings, and hardwood floors are complemented by a marble counter, exquisite light fixtures, and zellige tiles. Embodying a delicate balance between natural materials and sophisticated touches, the venue is named after the legendary wave of Tamarin that surfers chase in Mauritius.
